Hazardous Weather

Hazardous Weather

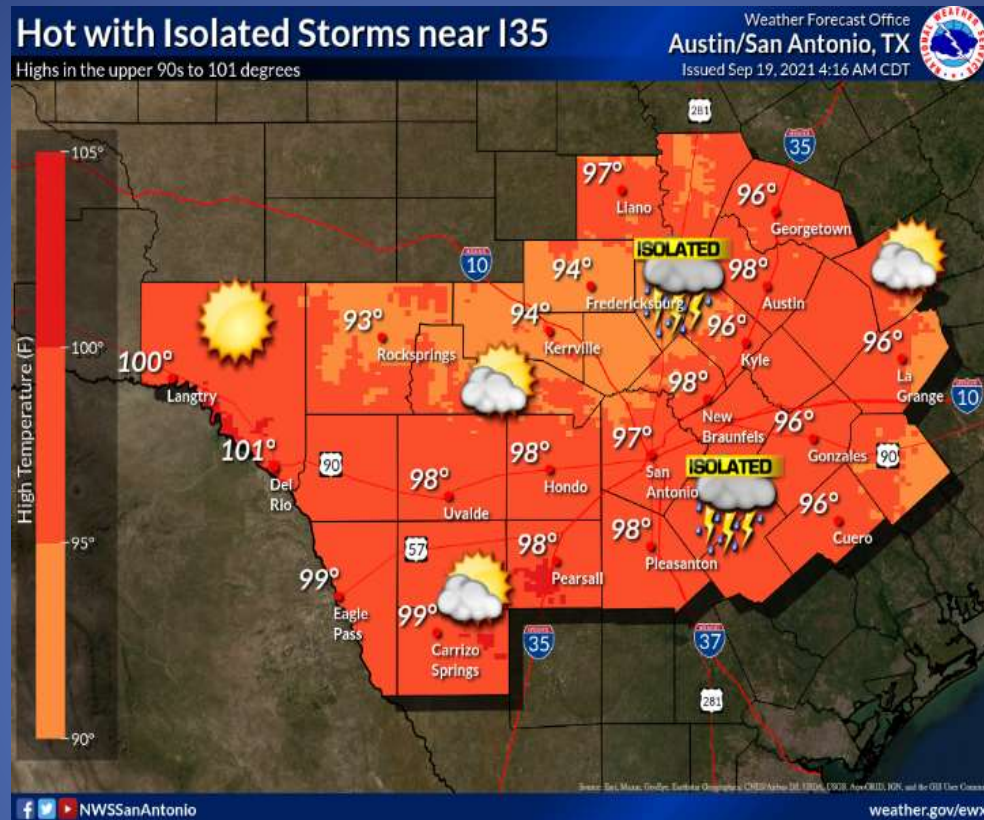

Isolated thunderstorms are possible across the Oklahoma Panhandle and the northwest Texas Panhandle this afternoon and evening.

Isolated showers and storms will be possible in across East Texas this afternoon. Highs will remain above seasonal normal for mid-September. Look for readings today to soar well into the 90s, except East Texas where a few readings remain the upper 80s. Light east to northeast winds 5 to 10 mph will not provide much relief from the heat, so remember to practice your heat rules if doing strenuous activities outdoors today.

Hazardous Weather

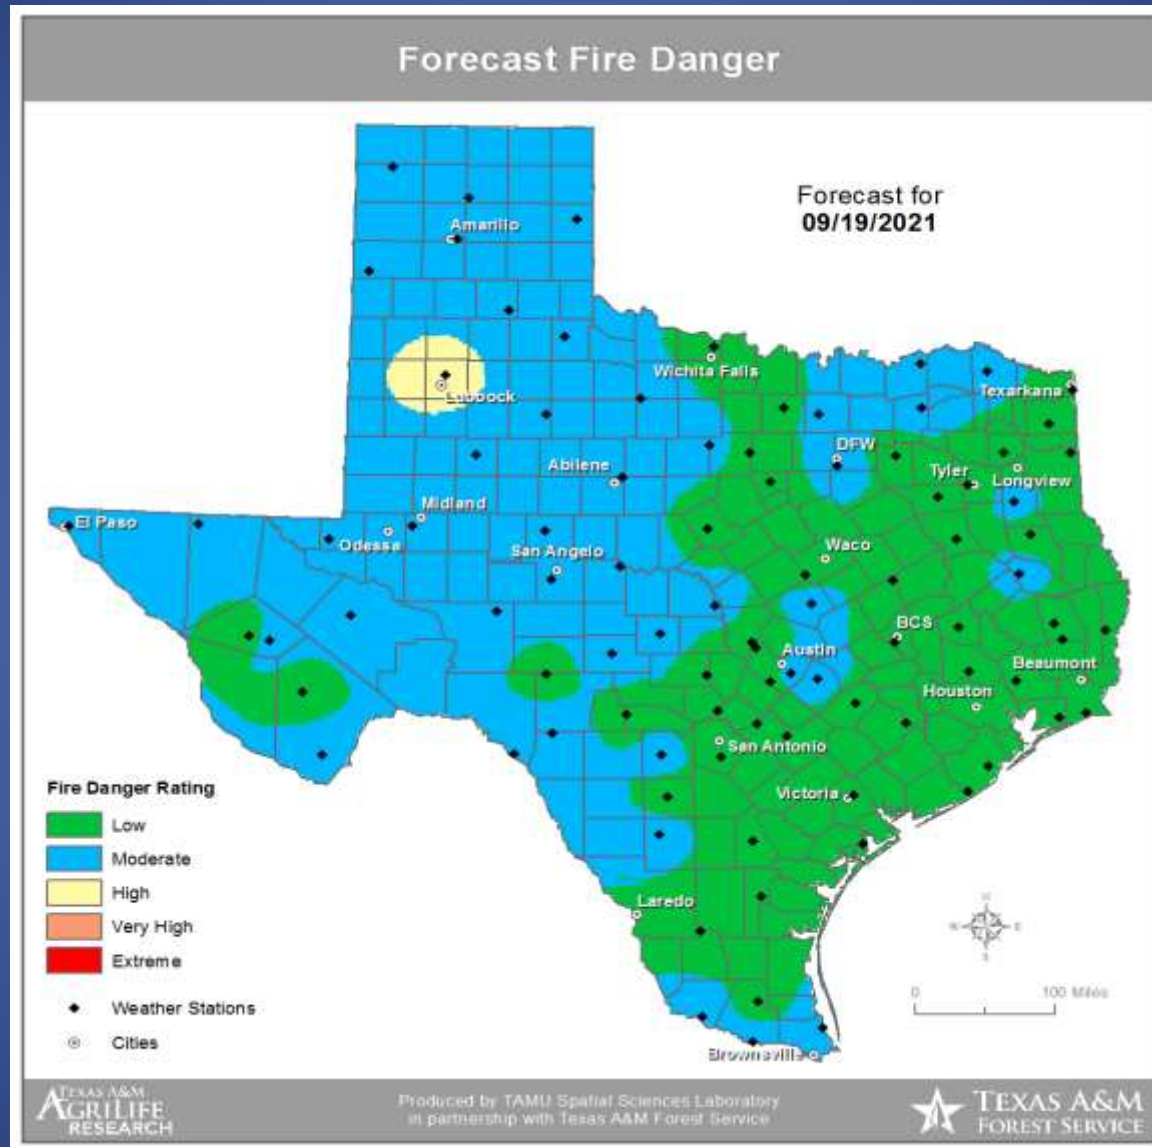

Isolated afternoon showers and thunderstorms are possible near the I35 corridor today. Well above normal high temperatures continue, ranging from the lower 90s in the Hill Country to near 100 along the Rio Grande.
